Dear Martin and Valerie

I will be leaving Farmovs-Parexel by the end of the week to start a new career at another company here in Bloemfontein.

Thank you for your co-operation with the two Philip Morris studies. It was two of the interesting studies I have worked on. I trust that the product will be on the US market soon as well as in the rest of the world.

Good luck with the final bits and pieces on the studies!

Thank you again!

Marlize
